ISO 3166-2 NEWSLETTER

Date: 2007-11-28   No I-9

Changes in the list of subdivision names and code elements

The ISO 3166 Maintenance Agency has agreed to effect changes to the header information, the list of subdivision names or the code elements of various countries listed in ISO 3166-2:1998, *Codes for the representation of names of countries and their subdivisions — Part 2: Country subdivision code*. The changes are based on information obtained from either national sources of the countries concerned or on information gathered by the Panel of Experts for the Maintenance of ISO 3166-2.

ISO 3166-2 Newsletters are issued by the secretariat of the ISO 3166/MA when changes in the code lists of ISO 3166-2 have been decided upon by the ISO 3166/MA. ISO 3166-2 Newsletters are identified by a two-component number, stating the currently valid edition of ISO 3166-2 in Roman numerals (e.g. "I") and a consecutive order number (in Latin numerals) starting with "1" for each new edition of ISO 3166-2.

For all countries affected a complete new entry is given in this Newsletter. A new entry replaces an old one in its entirety. The changes take effect on the date of publication of this Newsletter. The modified entries are listed from page 3 onwards. For reasons of user-friendliness, changes have been marked with red colour. The table below gives a short overview of the changes made.
